

kar2ouche®

Secondary Titles

Grades 7 - 12

kar2ouche®
**a midsummer
night's dream**
Teacher Support Pack

Kar2ouche A Midsummer Night's Dream immerses students in Shakespeare's fantasy world full of bright characters and stunning backgrounds, spells, magic, tricks and potions. The lessons and activities included provide the ideal way to introduce Shakespeare to younger students.

Grades 6 - 9

kar2ouche®
**developing
french**
Teacher Support Pack

Kar2ouche Developing French engages students in stimulating activities, enabling them to complete storyboards, create animations and produce publications using characters and environments based on a group of French teenagers and their families. Role-play activities allow them to practise their oral and written skills in real, relevant contexts.

Grades 6 - 9

kar2ouche®
bullying 2
Teacher Support Pack

Kar2ouche Bullying presents a range of issues relating to bullying through virtual role-play, and encourages students to define bullying, discuss why it occurs, identify signs of bullying and consider possible responses. Suggested activities include Cyber Bullying, Killer Statements, Kelly Bullies Nita, and a Bullying Presentation.

Grades 6 - 9

kar2ouche®
**developing
spanish**
Teacher Support Pack

Students can complete storyboards, create animations and produce their own publications using characters and environments based on a group of Spanish teenagers and their families. Role-play activities allow them to practise their oral and written skills in real, relevant contexts.

Grades 6 - 9

kar2ouche®
clique français
Teacher Support Pack

Kar2ouche Clique Français features over 40 structured, interactive activities – including role-playing and creating storyboards – for five key topics, to deliver all the speaking and listening requirements. Produced in association with Harper Collins.

Grades 6 - 9

kar2ouche®
drug awareness
Role-playing software for creative learning

Kar2ouche Drug Awareness encourages students to explore the issues surrounding drugs, their effects and why people take them. They will be able to understand what drugs are, learn the health risks and legal implications, and consider their own roles as responsible citizens.

Grades 6 - 9

kar2ouche®
criminal law
Teacher Support Pack

Kar2ouche Criminal Law introduces students to the nature of crime and the way in which the criminal justice system operates in England and Wales. Suggested activities explore shoplifting, the treatment of offenders and the dilemma between truth and loyalty.

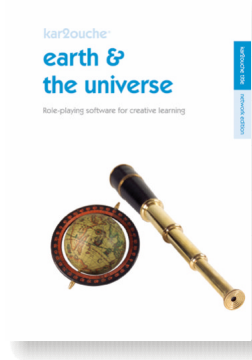

Grades 6 - 12

kar2ouche®
**earth & the
environment**
Role-playing software for creative learning

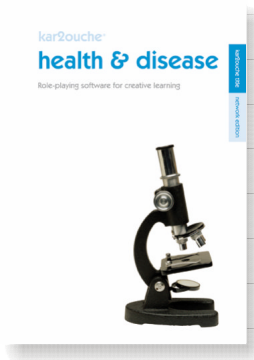

Kar2ouche Earth and the Environment will help students develop their understanding of two areas of scientific theory that have recently undergone rapid changes: our understanding of the Earth itself, and the most important environmental problems facing the world today.

Grades 6 - 11

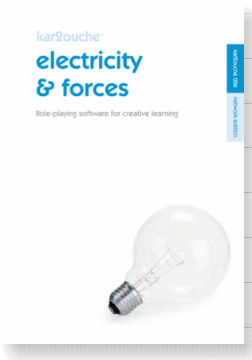

Kar2ouche Earth and the Universe takes students through the history of man's study of the Universe, from ancient times to the present day. Themes range from how we observe the skies to theories on the origins of the Universe.

Grades 6 - 11

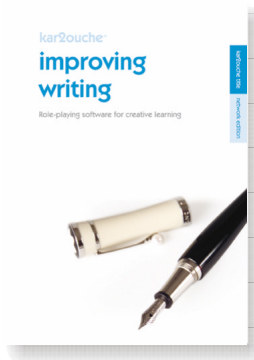

Kar2ouche Health and Disease covers a variety of topics based around the central theme of health and disease. It enables students to investigate changing ideas about the heart and circulation, and consider the development of ideas about the spread of disease.

Grades 6 - 11

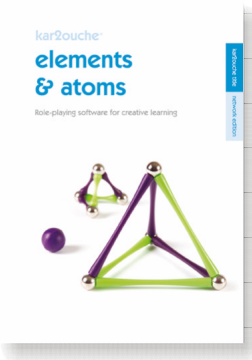

Kar2ouche Electricity and Forces provides an engaging way for students to develop their understanding of the unseen energies that affect us all. The leading physicists from around the world and throughout history are presented as 3D characters that narrate a brief outline of their life story and explain their scientific ideas and the evidence for them.

Grades 6 - 9

Kar2ouche Improving Writing provides structured activities to develop students' competence and confidence when writing for a specific purpose or audience. Activities include Alien Visitors, Writing with Style, Crime and Punishment, Animal Rights, and A New Development.

Grades 6 - 11

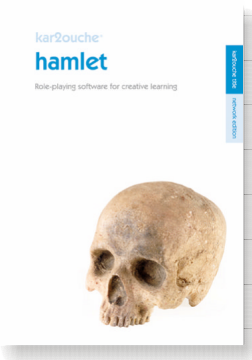

Kar2ouche Elements and Atoms introduces students to a selection of scientists whose stories and ideas can be used to illustrate man's knowledge about the nature of matter, ranging from the ancient Greeks to the discovery of the structure of the atom.

Grades 6 - 12

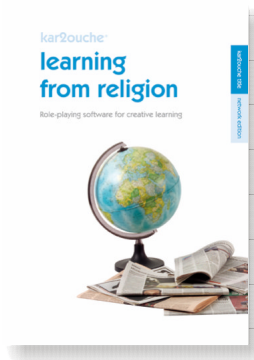

Peter Grimes is a perfect starting point for showing how opera can be fun and interesting, by stimulating students to create their own original work. The 17 activities included integrate into Music, English, Art, Drama, Geography and History studies.

Grades 8 - 12

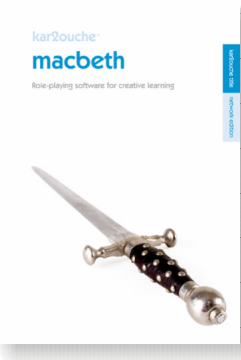

Was Hamlet truly mad, or was he a cunning schemer? Students can recreate Shakespeare's tale of ghosts, murder, madness and revenge in pictures, storyboards, animations or movies. A great way to introduce a complex play.

Grades 6 - 9

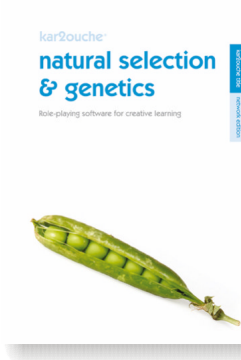

Kar2ouche Learning from Religion gives students the opportunity to learn from religion by investigating the diversity of different faiths and considering their own beliefs and values. As they develop their understanding of unfamiliar religions, they will discover a number of shared beliefs, values and practices.

Grades 6 - 12

Kar2ouche Macbeth provides the ideal way of helping students to visualise scenes, relate to characters and create their own unique interpretations of Shakespeare’s tragedy. A comprehensive range of suggested lessons and activities is included.

Grades 6 - 11

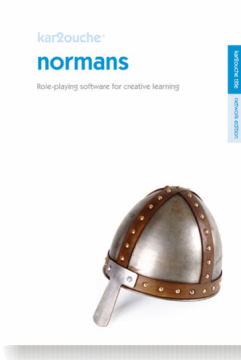

Kar2ouche Natural Selection and Genetics starts with Darwin’s voyage on HMS Beagle, as he explains his ideas about natural selection, and follows the development of these ideas as they influence other scientists’ subsequent theories on evolution and inheritance.

Grades 6 - 9

Kar2ouche Moving On has been designed specifically to address the practical and emotional issues that children face during their move from Primary to Secondary school. Ideal as the basis for a cross phase project during the summer term.

Grades 6 - 9

Kar2ouche Normans helps students to understand and interpret life in Norman times. They can use the wide range of characters, backgrounds, props, text and audio to produce their own storyboard versions of the Battle of Hastings, the Domesday survey and the Bayeux Tapestry.

Grades 6 - 12

Kar2ouche Much Ado About Nothing allows students to read between the lines of Shakespeare’s comedy of mistaken identity and plot twists, and develop their own interpretations. There are innumerable ways to retell the story, and this version is set in the American Civil War.

Grades 6 - 9

Kar2ouche Political Awareness & Citizenship provides students with a basic understanding of how the parliament of the United Kingdom works. It covers the purpose of rules and laws in British society, the voting process, the main political parties and Members of parliament.

Grades 9 - 11

Kar2ouche: Personal and Enterprise Financial Capability looks at the issues that students face at the end of their compulsory education and gives them the opportunity to explore the world of work, economic factors and the effects of their decisions.

Grades 9 - 12

Functional Literacy and Customer Service gives students the opportunity to practice communication skills relevant to life, learning and work in a range of real-life situations. This title helps students to prepare for interview or customer care situations through listening, body language and communication activities.

Grades 6 - 12

kar2ouche®
rehearsal room
Role-playing software for creative learning

Kar2ouche Rehearsal Room helps students to practise and stage performances based around the theme of the family and family conflict. A wide variety of text and audio sources are included, such as extracts from Shakespeare, poems, classic and modern literature and newspaper articles.

Grades 1 - 9

kar2ouche®
social communication
Role-playing software for creative learning

SPECIAL EDUCATION NEEDS
These resources can be used to explore experiences, choices and emotions in an environment that socially-impaired students find unthreatening. Pre-made activities cover classroom behaviour, teachers' use of language, organisation skills, dealing with break and lunch times, journeys to and from school and handling disruptions to the normal routine such as fire drills or room changes.

Grades 6 - 9

kar2ouche®
respecting diversity
Role-playing software for creative learning

Kar2ouche Respecting Diversity encourages students to investigate and role-play issues such as immigration, discrimination and what makes people individuals. It will help them to understand what respecting diversity means and give them the opportunity to consider their responsibilities as global citizens.

Grades 6 - 11

kar2ouche®
tam o' shanter
Role-playing software for creative learning

Kar2ouche brings the story of Tam O' Shanter to life with its own selection of 3D characters, backgrounds and props, alongside the complete text and audio recording of Burns' famous Scottish narrative poem. Produced in association with Learning and Teaching Scotland.

Grades 6 - 12

kar2ouche®
romeo & juliet
Role-playing software for creative learning

There are innumerable ways to interpret and re-tell the story of Romeo & Juliet. Students can demonstrate their understanding of and insight into the story, by recreating their own scenes of love, war and turmoil between the Montagues and the Capulets.

Grades 6 - 12

kar2ouche®
twelfth night
Role-playing software for creative learning

The award-winning Kar2ouche Twelfth Night is an ideal tool to support coursework on one of Shakespeare's more complex plays. Mistaken identities, a shipwreck, love triangles, emotional chaos and a happy ending are just some of the elements for students to explore.

Grades 8 - 11

kar2ouche®
sex & relationships
Role-playing software for creative learning

Kar2ouche Sex & Relationships will help students to become more aware of the nature of different relationships and give them the opportunity to develop their knowledge and understanding of sexual issues, including puberty, reproduction, contraception, STDs and safe sex.

Grades 6 - 9

kar2ouche®
world war I
Role-playing software for creative learning

Kar2ouche World War One includes characters that represent soldiers and civilians from all levels of society, to provide students with a fascinating insight into both life in the trenches and the situation on the home front during World War One.
